Humphreys Responds to U.S. Supreme Court's Unanimous Decision, *Caniglia v Strom*, to Uphold the 2nd Amendment

(Eagle, Idaho) “The 2nd and 4th Amendments rightfully received **unanimous** support from the U.S. Supreme Court Monday when they decided in favor of a Rhode Island man who sued after police seized his weapons without obtaining a warrant,” said Ed Humphreys, GOP candidate for Idaho Governor. “The Court ruled correctly that individuals should be free from unreasonable government overreach and intrusion.”

“Not only did the police search the man’s home without a warrant, but then illegally confiscated his gun during the unwarranted search. The 2nd Amendment is clear: ‘the right of the people to keep and bear Arms, shall not be infringed,’” Humphreys added.
